*Mail Order service is only available In-Network U.S.			

Platinum Preferred Plan	
International Employee Assistance Program	
Level 1 Telephonic Assistance	Direct Dial 24/7 immediate access to confidential services for behavioral issues. Services include telephonic triage for emergent and urgent referrals, crises intervention and referrals to community resources. Up to 5 calls to resolve a behavioral issue.
NEW* – Crisis Assistance Plus™ (CAP) a worldwide crisis assistance program	
	Includes crisis consulting expenses up to \$250,000 per covered person, per incident. It provides time sensitive advice and coordinated in-country crisis assistance for nine different risks that impact or have the potential to impact employees while traveling (terrorism, political threats, natural disasters, blackmail or extortion, violent crimes, disappearances of persons, hijacks, kidnap and ransom* and wrongful detentions). *Ransom Payments are not covered
Global Wellness Programs	
Pre-Assignment Assistance Program	Cigna Global Health Benefits' pre-assignment assistance program is a unique clinical program that offers comprehensive case management, care coordination, impatient management, evacuation assistance, and online expert second opinions for employees and dependents either in the U.S. or abroad. The tool can be accessed prior to or during assignment through Cigna's secure web portal, www.cignaenvoy.com . Employees that utilize the pre-assignment assistance program are more likely to have a successful assignment.
Health Assessment and Targeted Risk Assessment	<p>Our health assessment (HA) provides employees the opportunity to find which areas of health they are doing really well in and which need attention. After completion of the online assessment via Cigna's secure online portal, Cigna Envoy, every participant gets their own highly personalized report that provides practical tips and advice on making relevant lifestyle improvements.</p> <p>Based on an employee's answers to the Health Assessment, an invitation to complete a Targeted Risk Assessment (TRA) for each identified risk factor is immediately sent online. These lifestyle risk factors include sleep, stress, nutrition, and physical activity. TRAs provide an in-depth assessment for each lifestyle risk and a highly personalized report with actionable recommendations</p> <p>"My Library" the online library which supports these assessments, provides articles and recipes tied to assessment results. The articles are evidence based, and recipes are written by a qualified nutritionist. These materials are translated and culturally adapted in 38 localizations. Additionally, employees will now have access to an engagement kit that allows for a four week campaign, encouraging participation and education around health and wellbeing. Afterwards there will be ongoing communication featuring articles on health and wellness.</p> <p>The Health Assessment, Targeted Assessments and "My Library" are all mobile friendly.</p>
Cigna Wellbeing App™	As part of our overall value proposition, we are including access to our Cigna Wellbeing App™. Global Telehealth services are included. Your employees and their dependents will have access to licensed doctors around the world – by phone or video – for non-emergency health issues. Simply arrange a telephone or video consultation from the Cigna Wellbeing App™. Appointments are often scheduled for the same day you contact us. There may be limitations regarding the type of care that can be provided through Telehealth as opposed to a traditional face-to-face visit.
