

Protection when you travel domestically or internationally

An emergency can be much more difficult to deal with when you're traveling. In the event that an unfortunate situation arises – injury, illness, death, theft, natural disaster, disease outbreak or terrorism – knowing that CIGNA Secure Travel® is available to you can provide added peace of mind in unfamiliar surroundings. You can be on the other side of the world or only a couple of hours away from home and still get the help you need.

Available to individuals covered under a CIGNA Accident plan,¹ CIGNA Secure Travel provides emergency medical and travel services, as well as helpful pre-trip planning assistance, when traveling 100 miles or more from home on company business. Our toll-free customer service center is available 24 hours a day, 365 days a year. And, in an emergency, our customer service center can even accept collect calls.

Filling a gap in health care coverage

Imagine if you required emergency medical care while traveling on company business in another country – a country where care may not be comparable to western medical standards. CIGNA Secure Travel can arrange and cover the cost of transportation to the nearest appropriate hospital or medical facility. This program will also provide up-front payment, often required when abroad, for medical services – saving you from having to pay expenses out-of-pocket at that time. And, in the event of a fatality, we'll arrange and cover the cost of transporting remains back to the country of origin. CIGNA Secure Travel places no coverage limit on either of these services – all expenses are covered. We'll even pay to arrange:

- Round-trip transportation for a family member or loved one if you're expected to be hospitalized for more than 10 days.
- Travel for a companion who is directly affected by your illness or injury.
- Return travel of a dependent child who is left unattended as a result of your illness or injury.
